MAINTENANCE OF WAY CONDITIONAL STOP

(Form Y Train Order)

The following forms of oral authorization by the Foreman and acknowledgment of understanding by the engineer are to be used to permit trains to pass a red flag without stopping within the limits of a Form Y train order.

Foreman will state: "Burlington Northern Railway
Foreman calling Extra 232 East about Order No.
(Form Y Train Order No.)"

Engineer must respond, identifying his train as: "This
is Burlington Northern engineer, Extra 232 East."

When engineer has answered as above, the foreman
will state: "Extra 232 East may pass red signal at
(Location) without stopping."

The foreman may also authorize a different speed from
that shown in the Form Y train order by adding to
his instructions: "Proceed at _____ MPH," or
"Proceed at normal speed."

The engineer must repeat back to the foreman the
instructions that are given him.

SPEED TABLE
